Bei Maejor

Video Game Lover,
We should,
With each other,
I said,
Video game lover
we should,
with each other,
Don't act like we don't feel the same,
baby baby baby,
quit playing them games
Don't act like we don't feel the same,
baby baby baby,
quit playing them games,

Lets go, backup in the game,
whats good, whats poppin,

when they see the kid,
they be pullin down their stockins'
cus she know what it is,
yeah,i get the bed rockin
hop up in my car,
let me get some of that toppin,
and if u don't uhh,
ima look at other options,
she is on my level,
so she got them panties droppin,
and im a beat it beat it beat it beat it,
ain't no stoppin,
come and play with a boss,
amazing of course,
i have your eyes roll back,
days that look lost,
she playing with my joystick,
all in my two seater
im pushing on her buttons, yuhp,
playing all her features
I never leave her,

cus i heard that she was a keeper,
so ima keep her, cus i love
how it feels when i freak her,
them other girls try,
but it ain't the same,
cus she be up and down,
like a video game
Video Game Lover,
We should,
With each other,
I said,
Video game lover
wehould,
with each other,
Don't act like we don't feel the same,
baby baby baby,
quit playing them games
Don't act like we don't feel the same,
baby baby baby,
quit playing them games,
she was running plays,

straight game like madden,
had me on my zone,
wait, how did this happen?
she knew i was close,
to the brand like steadmen
so do it in the name, of love,
like steadmen

lets go for a ride, baby don't be such a loser,
cus once i power up, youll be saying that im supa,
i don't discriminate, i got young ones, i got cougars
even got a british chick, and she drive a mini koopa
come and play with a boss,
amazing of course,
i have your eyes roll back,
days that look lost,
all up in her momma crib,
ki-ki--kissing in the kitchen,
she knew what it was,
she was acting like she didn't,
pass her to my niggas man,
shout out to bei maejor,
they stay there right there,
watching how to be a playa,

them other girls try,
but it ain't the same,
she be up and down,
like a video game,
Video Game Lover,
We should,
With each other,
I said,
Video game lover
wehould,
with each other,
Don't act like we don't feel the same,
baby baby baby,
quit playing them games
Don't act like we don't feel the same,
baby baby baby,
quit playing them games,
i don't wanna play,
i don't wanna play,
i just wanna skip striaght to the end
i don't wanna play,
i don't wanna play,
i just wanna jump striaght into bed
Video Game Lover,
We should,
With each other,
I said,
Video game lover

with each other,
Don't act like we don't feel the same,
baby baby baby,
quit playing them games
Don't act like we don't feel the same,
baby baby baby,
