

# Dedication

## Nations on Fire

Heart and soul I love you so much  
Body and soul I want you too  
Heart and soul I love you too much  
And this I dedicate to you  
I need your love  
I need your kisses, yeah  
I need your hot, hot love  
I need your wet, wet kisses, yeah  
I love you  
Heart and soul I love you so much  
Body and soul I want you too  
Heart and soul I love you too much  
And this I dedicate to you  
Dedicate this

I need your face  
I need your wild, wild eyes  
I need your hands, your fingers  
With your hands creeping down my thighs, oh, yeah!  
Heart and soul I love you so much  
Body and soul I want you too  
Heart and soul I love you too much  
And this I dedicate to you , oh, yeah!  
Heart and soul I love you so much  
Body and soul I want you too  
Heart and soul I love you too much  
And this I dedicate to you  
Heart and soul I love you so much  
Body and soul I want you too  
Heart and soul I love you too much  
And this I dedicate to you
