

Secure the Bag (feat. Gucci Mane & Infa-Red)

The Lox

[Intro: DJ Khaled]

Secure the bag

It's a cold world, bundle up

You better protect the bag

Don't ever play yourself

Make sure that Y hit

Make sure that safe is safe

Key word, make sure

Brace yourself as I introduce yourself to The LOX

Secure the bag alert[Hook: Infa-Red]

Secure the bag, secure the bag

You ain't never seen money like this nigga

Secure the bag, secure the bag

Never going broke long as I can sell dope nigga[Verse 1: Jadakiss]

Yeah, I'm just waiting for that coke to dry up

I need that first half before I even post to fly it

It ain't nothing worse than dealing with these fake promoters

All these (?) out here tryna make they quota

(?) need a slice and I'm good for the day

It's in my blood so I was naturally good with the yag

You can lose your life in the hood for a game

You know me, I count it twice then I put it away

Yeah, bring some woods and some vanillas through

We chain smoking, haze cookies and guerilla glue

Money right, they glad that it's pure

Nothing else matters as long as the bag is secure[Hook: Infa-Red]

Secure the bag, secure the bag

You ain't never seen money like this nigga

Secure the bag, secure the bag

Selling dope you ain't buying with no broke nigga[Verse 2: Sheek Louch]

My flow is strong so my money long, you can tell the way I wear it

I ain't work this hard to give you my bread, fuck out of here I don't wanna hear it

My show's lit, I got houses shit, I got more than sneaker money on me

I just stack my bread and use my head, you can ask the niggas that know me

But I pop for my bottom line, bang, and I don't even wear no flag

I just wait outside till you come home drunk just to secure that bag

Rubber grip on my Glock, shells all in my pump

I look good as shit but I'm an old head, who the fuck you talking to chump?

I got 10 bitches that's bad, so tell 'em why you mad

You broke as fuck and you watching me, nigga that ain't chasing no bag
You don't instagram and brag, you ain't never had jet lag
You ain't make it home and gotta leave back out just to secure that bag hah[Hook: Infa-Red]
Secure the bag, secure the bag
You ain't never seen money like this nigga
Secure the bag, secure the bag
Never going broke long as I can sell dope nigga[Verse 3: Gucci Mane]
It's Gucci Mane and D-Block and we really sell dope
But don't quote me bitch cause I might slit your damn throat
I'm like Scarface on a banana boat, I'm tryna stay afloat
And I won't never-ever-ever-ever go broke
I take the good with the bad, I can even sell trash
I'm a magician with the chopper, I cut your body in half
I got balls made of brass, she got a basketball ass
And I gotta secure the bag, I got a 20 foot stash
And I'm laughing with the money bitch, she finer than me
The money that they think they getting, that ain't no money to me
I gotta shout out my connect, that shit was fronted to me
I had to run the money back, that shit was punted to me, Wop[Hook: Infa-Red]
Secure the bag, secure the bag
You ain't never seen money like this nigga
Secure the bag, secure the bag
Selling dope you ain't buying with no broke nigga[Verse 4: Styles P]
Bag coming, secure the shit
Caught a nice lick knocking off the purest shit
That man (?) on some torah shit
Waiting for the plug to come just so I can score some shit
Jefe come, jefe go
Let my little esse know we gon' go hit Mexico
We gon' get this bag like it's gas, like it's Texaco
Got a stash house in BK, right on (?)
JFK, bag landing
Laguardia, it's a bag landing
You can be the man but not the last standing
Niggas wild as Taliban, all my niggas black skinned[Hook: Infa-Red]
Secure the bag, secure the bag
You ain't never seen money like this nigga
Secure the bag, secure the bag
Never going broke long as I can sell dope nigga
