Hundred Reasons

Hard to mold the sense
Choose to walk your own mile
Hard to mold the sense
And choose to walk your ownIt's nice that you noticed
What I wore my clothes for
And you make me happy
As it's what you're best at
Nurture moreHard to mold the sense
And choose to walk your own
Hard to mold the sense
And choose to walk your ownIt's nice that you noticed
What I wore my clothes for
And you make me happy
As it's what you're best at
Nurture moreHard to mold the sense
Choose to walk your own mile
Hard to mold the sense
And choose to walk your ownHard to mold the sense
(It's nice that you noticed what I wore my clothes for)
Choose to walk your own mile
Hard to mold the sense
(You make me happy, as it's what you're best at)
Choose to walk your own
