She Rides

Rhino Bucket

She rides
Let loose upon the world
She is the night
And my loneliness in bondage
She?s black
And sin runs down her back
She rides
From the daylight in chains
She rides the night
She rides the night
She slides
Down inside your skin
In time
She will make you scream
She?s death
In a ghoul white dress
She rides
In the night of your mind
She rides the night
She rides the night, yeah
She?ll take you down
She?ll take you
She?ll take you around
She?ll take you down
She?ll take you

Take you around
She rides
Let loose upon the world
She is the night
And my loneliness and bondage
She?s black
And sin runs down her back
She rides
From the daylight in chains
She rides the night
She rides the night, oh yeah
She?ll take you down
She?ll take you

She?ll take you around
She?ll take you down
She?ll take you
She?ll take you around, yeah
She?ll take you down
She?ll take you
She?ll take you around, oh yeah
She?ll take you down
She?ll take you
She?ll take you around
