

God Is In The People

[Melissa Etheridge](#)

We keep thinking life is what it's not
We keep building this impossible facade
Why do we keep trying to turn people into gods? When God is in the people
God is in the people, oh yeah
God is in the people, oh
God is in the people, oh God is in the people, hey, hey
Yeah, yeah, yeah, yeah, yeah, oh
God is in the people
