

Time Turns

10,000 Maniacs

I saw time turn so much there to unlearn
You were envy, you wouldn't say
You tore heart strings that sorry day
Dark light hid the tears
One for each of the years
Love has reasons, reason never knows
Time turns over, love overflows
I should have spoken sooner
On that sorry day
Your arms were open
And I wondered why, I wondered why
Wondered why, I wondered why
Wondered why, I wondered why
Love has reasons, reason never knows
Time turns over, love overflows
I thought you'd never reach me
On that sorry day
Your arms were open
And I wondered why, I wondered why
Wondered why, I wondered why
Wondered why, I wondered why
Wondered why, I wondered why
Five years passed to the day
Time heals some people say
When you hurt the ones I love
You're also hurting me
And time turns over
Turning you from me
You'd never reach me
On that sorry day
Your arms were open wide
And I wondered why
Wondered why, I wondered why
Wondered why, I wondered why
Wondered why, I wondered why
