

# Lucy (feat. Brian May)

# Adam Lambert

She's off to party with the diamond dogs  
From the wrong side of the tracks  
Her window's open anytime she's home  
But now it's locked up at last She was bound to break free from the start

Girl got that rebel heart  
She's out to rumble, gonna get it on  
There ain't no stopping her now Lucy

Run away

## Run away

Run away

## Run away

Run away

## Run away

## Lucy, Lucy

Yeah, yeahShe's off to sell herself in the city bar

Her jaws are loaded for love

She gon' get beaten playing with the dark

## Innocence under attack

All for some fun in the sack

Now she's alone and got no one to call

Well, no, she ain't turning backLucy

Run away

Run away

## Run away

## Run away

## Run away

Run away

Lucy, Lucy Lucy Oh, Lucy

Alright

Yeah, yeah

Run awayLucy

Run away

## Run away

Run away

Run away

Run away

Run away

Lucy, LucyLucy

Run away

Run away  
Run away  
Run away  
Run away  
Run away  
Lucy, Lucy
