

Where Ya Been Lars?

MC Lars

Where ya been Lars?

Where ya been?

Where ya been Lars?

Where ya been?

I've been touring everywhere just to bring this world

Joy

On a three year long mission just to merch & destroy
I've been to Sydney, been to Dublin, been to Tokyo and

Back

Still rocking Capcom hoodies and that dirty A's cap

I'm still repping Northern Cali, hella non-conformist

I toured with Gym Class Heroes and then they got

Ginormous

I've drawn a lot of comics and I've rocked a lot of

Shows

I saw nerdcore come and I saw nerdcore go

I did a track with mc chris, though I kind of wish I'd

Knew

He'd be like "I want three grand for that verse or I'll

Sue" (true)

I opened for T-Pain he had zero production

He made my drummer move his drums, gave his stage

Manager instructions (move your drums)

I DJ-ed Johnny Phillips wedding, Gerard Way was there

I'm like "We have the same booking agent", he's like

"ask me if I care?"

I met Weird Al, I met Flava Flav

I met DMC but the photo wouldn't save

I'm like "Camera phones suck," he's like "I know

They're tricky"

He didn't actually say that, but if he had, it would

Have been good for comedy purposes.

CP's y'all!

CP's. Alright
