[Intro: Nelly]

Can I get a hey hey?

I get a ho ho

Can I get a hey hey?

I get a ho ho[Verse 1: Murphy Lee]

[Verse One].. What's it gon be today? (Let's see)

The yellow Benz or the red Navi'

Iny, miny, ony, mo

That's the way I pick when I'm ready to roll

Murph Dert got the limos wit his vehicles

(Yeah that's the way it go when you got money to blow)

Ho! well then, say no mo'

Just think, I was on my way to the sto'

I got scratched but I don't got nails

Got my own truck but I want to drive trails

Plus I won a house in ATL and that depends on my sales

And I'm tryin' to get a mil before my album hit the shelves

And I ain't talkin' bout no signin' bonus (uh-uh)

'Tics went platinum to remind ya homey

I'm not a restroom so ain't no need to stall

I don't run or walk now so I can give it to em all[Hook: Nelly]

Say hold up, wait a minute

Lemme put some pimpin' in it

Now, big booty I'm recommendin'

And I ain't been in this spot for a minuteSay hold up, wait a minute

She want to get derryt wit it

Now, baby girl want to handle her business

So I guess we'll be back when we finishI don't want to leave by myself

(Boy, you ain't gotta leave by yoself)

Ooh.. Shiit, Taxi![Verse 2: Murphy Lee]

[Verse Two] I call her back from an earlier week

4 in the mornin' they be like (Mm-mm nah I ain't asleep)

Career whore, stay on top of convenient stores

Get pictures of me in they Victoria Secret drawers

Keep summin hot on tour, couldn't keep anything hotter

Make sure they know before what is really in store

I adore the ones that call me Tohri, true story

I created hoodrats, so these new models bore me

See I load up the 7 wit 7's, for 8's I can't wait
9's be one time and Dimes we won't date
So now I got 11's and 12's
Wit at least 13 or 14 reasons why they fine as hell
I hit em up like Blu Cantrall
He-he-he-he-he-he-hell
I remember when you smashed the bail
I'm just a, derry who can and you hata stand out
I'm like the pie in the window, I'm just too damn hot[Hook: Nelly]
Say hold up, wait a minute
Lemme put some pimpin' in it

And I ain't been in this spot for a minute Say hold up, wait a minute
She want to get derry wit it

And if you need a sex deal, lemme sign ya girl

And I'll keep you in heavy rotation
I want to touch you wherre the sun don't shine
I got a watch but I don't got time
So if you wit it, then you wit that's good
'cause if you not then I could simply take you back to the hood
...Cuz I love my hoes
Pimpin' ain't easy but it's under control
I got a lot of shit in me but I'm a commode
Cell phone, arrea code overload
