Hey Hey Hello

Lick and a Promise

Hey Hey Hello Lick and a Promise

1.
Hey hey hello, donâ€™t make a sound
Just take a seat and I show you around
No one will see you, donâ€™t you doubt
So watch my everyday day in and out

This is the place where I pass all my time
instead of feeling fine
well, my friend, you can but I ainâ€™t not that slight

Chorus
Pick me up I want you so
Many places I may go
There ainâ€™t nothing left to lose
Itâ€™s all messed up, I paid my dues
And if thereâ€™s anything I like
Itâ€™s to be far away in time

2.
I just canâ€™t wait Iâ€™m moving on
I feel so sick now all my moneyâ€˜s gone
Itâ€™s spent on ways that didnâ€™t do
So much better to spend it all on you

Help me get me out this place I just canâ€™t see
this nasty face no more
And far off is where I want to be

Chorus

Chorus

3.
I live with dogs and pigs and clowns
This live goes up this live is coming down
Iâ€™m dead and cold and filthy as anyone
When I wake up I still can see no sun

Theyâ€˜re evil games, my friend, and Iâ€™m about to put it down
when I get out
Itâ€™s time to put my feet back on the ground

Chorus
