I Missed Us

Swv

Ba-Babe,
You say I'm the one who misleaded you
I say you wasn't there when I needed you
You say you wanna know if I'm leaving you
I said I'll stay
Only if you step up and start being true
Don't let nothing come between me and you
I, I, I won't stick around and be a fool for you baby
You think that I'm giving up
I think that you're scared of us
You forgot we fell in love
What are we both gonna do now
I think that you think that I think that
We're not gonna be
I think that you think that I think
This ain't where I wanna be
I missed us how (we used to make love)
I missed us how (there was so much trust)
I missed us how (it wasn't 'bout you and me)
It was all about us, us
Ba-Babe
Your attitude seem like you don't want me calling you
So I act like I don't wanna be involved with you
Sometimes I don't know why I fall for you
When you clearly
Act like you don't want nothing to do with me
We're just getting started and you're through with me
If you really wanted you will proved to me baby
You think that I'm giving up
I think that you're scared of us

You forgot we fell in love
What are we both gonna do now
I think that you think that I think that
We're not gonna be
I think that you think that I think
This ain't where I wanna be
I missed us how (we used to make love)
I missed us how (there was so much trust)

I missed us how (it wasn't 'bout you and me)
It was all about us, us
We've got so much to live for: each other
Let's stop fighting and just fight for each other
Now you know the way I feel about us
Love is waiting right here baby
What are we both gonna do now
I think that you think that I think that
We're not gonna be
I think that you think that I think
This ain't where I wanna be
I missed us how (we used to make love)
I missed us how (there was so much trust)
I missed us how (it wasn't 'bout you and me)
It was all about us, us
I think that you think that I think that
We're not gonna be
I think that you think that I think
This ain't where I wanna be
I missed us how (we used to make love)
I missed us how (there was so much trust)
I missed us how (it wasn't 'bout you and me)
It was all about us, us
