

Recluse

Alu

I?m a recluse, baby.
I don?t know what to do.
I?m a recluse, baby.
I don?t know what to do.

I?m a recluse, baby. (I don?t know why).
I?m a recluse, honey. (I don?t know why).
I?m a recluse, baby.
I don?t know what to do.
Visiting hours begin at noon

Can you hear me, baby? (I hope you hear me).
Can you hear me, darling? (I hope you do).
I?m a recluse, baby.
I don?t know what to do, to do.

If you want to see me (I?m just a recluse),
better wait in line (Just a recluse).
If you want to see me,
please schedule a time

I?m a recluse, baby
and I?m feeling fine.
If you make me move,
I can?t make you mine.

Cuz I?m a recluse, baby.
I don?t know what to do.
I don?t know what to do.
I don?t know what to do.
I?ll see you in my room, my room
