

# Stand Up For Love

Neil Diamond

I know this time what I'm feeling,  
Real love I believe in.  
Every night I see it in your eyes.  
They might say we won't make it,  
The road's too long,  
We can't take it.

What we have,  
I know it's gonna be alright.  
Love's worth fighting for.  
I'm reaching towards  
The mirror of my soul.  
Took so long to find, but now you're mine.  
I can feel the power.  
(Stand up for love,  
I want to shout about it.)

Oh, yeah.  
(Reach out and we can set the eagle free.)  
Stand up for love.  
(Stand up for love,  
Together we can make it.)  
Know we gonna make it.  
(We'll move mountains in our dreams.)  
Yes, stand up for love.

(Stand up for love.)  
Oh, yeah.  
(And show the people we believe it;  
The world will never know  
A sweeter song.)  
Stand up for love.  
(Rise up for love,  
Together we're in heaven.)  
Oh, yeah.

(We'll move mountains with our dreams.)  
Time will not wait,  
Love won't hide away.  
Let's pull the blinds

For all the world to see.  
(Stand up for love,  
So good that we have found it.)

Oh, yeah.  
(Oh, we can't find a better place.)  
Stand up for love.  
(Stand up for love,  
We want to shout about it.)  
Shout about it.

(We'll move mountains with our dreams.)  
Stand up for love.  
(Stand up for love,  
I want to shout about it.)

Oh, yeah.  
(Reach out and we can set the eagle free.)  
Stand up for love.  
(Stand up for love,  
Together we can make it.)  
Oh, yeah.  
(We'll move mountains with our dreams.)
