

# Anything

## Seven Mary Three

Indivisible, you are the one  
Impossible to hear what you say to me at night  
Can't I have some covers back?  
It's so cold on the wrong side of the bed  
Are you awake are you aware are you anything?  
Pictures high, high above the shelf  
Letters from me to you, you to me, us to them  
Do they express? They say anything, anything at all?  
I know I'm not the man of her dreams  
Daddy said she'd marry rich, rich, richer than me  
I know I'm not her man, but she could take anything  
Anything she wants anything at all  
Do you think it's just enough to know  
How I wanted you to feel?  
Read things back to me, back up  
To see from where I am  
There is nothing more than this, more than this  
Is it enough to say that I want you to keep it close to me  
Me, me is all I think, think about, but every word you say  
Do I mean anything?  
I know I'm not the man of her dreams  
Daddy said she'd marry rich, rich, richer than me  
I know I'm not her man, but she could take anything  
Anything she wants, anything at all  
Anything she wants, anything at all
