

# Crazy

## Iron Savior

A man decides after seventy years  
That what he goes there for is to unlock the door  
While those around him criticize and sleep And through a fractal on a breaking wall  
I see you my friend and touch your face again  
Miracles will happen as we trip ooh But we're never gonna survive unless we get a little crazy  
No we're never gonna survive unless we are a little crazy Yellow people walking through my head  
One of them's got a gun to shoot the other one  
And yet together they were friends at school, oh, get it, get it, no If all were there when we first took the pill  
Then maybe, then maybe, then maybe, yeah  
Miracles will happen as we speak But we're never gonna survive unless we get a little crazy  
No we're never gonna survive unless we are a little crazy In a sky full of people, only some want to fly, isn't that  
crazy?  
In a world full of people, only some want to fly, isn't that crazy?  
In a Heaven full of people, there's only some want to fly, ain't that crazy?  
In a world full of people, there's only some want to fly, ain't that crazy?  
Ain't that crazy? But we're never gonna survive unless we get a little crazy  
No we're never gonna survive unless we are a little  
But we're never gonna survive unless we get a little crazy  
No we're never gonna survive unless we are a little, just a little crazy And then you see things the size of which  
you've never known before  
They'll break it someday only child know  
Then things, the size of which you've never known before  
Someday, someday, someday, someday
