

Mastermind

Mindless Self Indulgence

I am the mastermind
Leaving you all behind
And that ain't no fucking lie I am the mastermind
It's just a problem of mine
It's like Columbine, Columbine Your time has come
Kiss it all goodbye
Your time has come
Kiss it all goodbye What's that ruckus? What's that ruckus?
What's that ruckus coming through the night?
That's right, that's right, that's right
This message cannot be denied What's that ruckus? What's that ruckus?
What's that ruckus coming through the night?
That's right, that's right, that's right I am the mastermind
Underline mastermind
Until your pencil breaks I am the mastermind
Just like a suicide
Your credit has been denied, denied Your time has come
Kiss it all goodbye
Your time has come
Kiss it all goodbye What's that ruckus? What's that ruckus?
What's that ruckus coming through the night?
That's right, that's right, that's right
This shit gonna turn your mama white What's that ruckus? What's that ruckus?
What's that ruckus coming through the night?
That's right, that's right, that's right Oh Pennsylvania
Oh Pennsylvania
Oh Pennsylvania
Oh Pennsylvania I am the mastermind
Intelligent by design
It makes me wanna cry I am the mastermind
And now that I'm satisfied
It's time to say goodbye, goodbye Your time has come
Kiss it all goodbye
Your time has come
Kiss it all goodbye What's that ruckus? What's that ruckus?
What's that ruckus coming through the night?
That's right, that's right, that's right
I will not apologize What's that ruckus? What's that ruckus?
What's that ruckus coming through the night?

That's right, that's right, that's right
