

# I Keep Falling

## Lovers & Poets

You are a habit I can't break  
You're an addiction I can't shake  
    A cigarette, a glass of wine  
    Another kiss, I cross the line  
If you insist, well I won't mind

I keep fallin', fallin'  
I keep fallin' For you

The day we met I saw the sign  
Replayed in my head for all time  
    A simple smile, you said hello  
The feeling burned into my soul  
    I knew I could not let you go

I keep fallin', fallin'  
I keep fallin' For you, for you  
    I keep fallin', fallin'  
I keep fallin' For you, for you

You keep letting me get closer, closer  
Here we are, let's make the most of the love we have inside

I keep fallin', fallin'  
I keep fallin' For you, for you  
    I keep fallin', fallin'  
I keep fallin' For you, for you, for you.
