

# Fast in My Car

## Paramore

Been through the wringer a couple times  
I came out callous and cruel  
And my two friends know this very well  
Because they went through it too  
The three of us were initiates  
We had to learn how to deal  
And when we spotted a second chance  
We had to learn how to stealHollowed out and filled up with hate  
All we wanted: you to give us a breakWe're driving fast in my car  
We got our Riot gear on but we just want to have fun  
No we're not looking for violence, no oh  
Tonight we want to have funNo one's the same as they used to be  
Much as we try to pretend  
No one's as innocent as could be  
We all fall short, we all sinBut now we aren't looking backward  
We won't try raising the dead  
We only see what's in front of us  
We only see straight aheadHollowed out and filled up with hate  
All we wanted: you to give us a breakWe're driving fast in my car  
We got our Riot gear on but we just want to have fun  
No we're not looking for violence, no oh  
Tonight we want to have funGet in my car and we'll drive around  
We'll make believe we are free  
Already proved we can tough it up  
And we get along so sweetlyWe're driving fast in my car  
We got our Riot gear on but we just want to have fun  
No we're not looking for violence, no oh  
Tonight we want to have funWe're driving fast in my car  
We're driving fast in my car  
No we're not looking for violence, no oh  
We're driving fast in my car  
And we just want to have fun
