

# Last Night (Kinkos)

Omarion

I'm staring at the pillow where you slept last night  
It was almost like you were laying there  
And the shirt that you wore of mine  
Took it off and threw it across the chair  
Now its kinda hard to get you off my mind  
When I keep seeing you everywhere  
For example like that lipstick on that glass of wine, damn  
Sitting right over there And I cant play it off like we're friends like I used to  
No, I cant pretend like I used to  
So now I'm laying in my bed thinking bout you  
And what do I do Girl, I'm feeling like I'm coming down with the case of you  
Now, it started in my head but it trickled down to my shoes  
I feel so weak, so hard to breath  
But it only seems to happen when you leave, girl  
Ain't nobody ever had me feeling quite like you do  
I'm coming down with the case of you Trying not to think about you only got me missing you more  
And loneliness ain't no cure  
Though it was over about now  
But no, not yet  
Pulled the covers up to my head  
Now im feeling dizzy, and my mouth is dry  
With just the thought of you on my mind  
Its kinda crazy, what a mess im in  
I cant believe this is happening And I cant play it off like we're friends like I used to  
No, I cant pretend like I used to  
So now I'm laying in my bed thinking bout you Girl, I'm feeling like I'm coming down with the case of you  
Now, it started in my head but it trickled down to my shoes  
I feel so weak, so hard to breath  
But it only seems to happen when you leave, girl  
Ain't nobody ever had me feeling quite like you do  
I'm coming down with the case of you Now this ain't no common cold  
What I feel is original  
And I know there is a remedy  
When you bring your body back to me Girl, I'm feeling like I'm coming down with the case of you  
Now, it started in my head but it trickled down to my shoes  
I feel so weak, so hard to breath  
But it only seems to happen when you leave, girl  
Ain't nobody ever had me feeling quite like you do  
I'm coming down with the case of you Girl, I'm feeling like I'm coming down with the case of you

Now, it started in my head but it trickled down to my shoes  
I feel so weak, so hard to breath  
But it only seems to happen when you leave, girl  
Ain't nobody ever had me feeling quite like you do  
I'm coming down with the case of you
