Listen

Bow Wow

I?m saying my
I finally found the right girl for me
I?m saying
You my dawg
So you ain?t gotta worry about lil mama
Coming between what we do
We still homies at the end of the day, believe that
No no no, I don?t wanna know it
She got him where she want him
And he?s too lost to know it, know it
It?s too late to tell him
He caught in that position where he won?t listen
Even if I yell it
Just tryna help before he let that river push him off into something deep
I wish he would think, I wish he would think
Or listen to me
I got a love jones but I?m not Lorenz Tate
How would it sound if I asked you on a date?
I know a place me and you girl can get away
My z tryna talk to me forget what they say
She?ll ride for
She a down chick
Many of them chicks to the exit quick
Let the hate
They gon hate but them z can?t tell me shit
Let her meet my mama
She don?t be with all that drama
Spend bread on my broad
Cuz she know it ain?t a problem
I splurge on my lady
Hit the mall with my lady
I love my lady
I know she would never play
She moan and groaning
Make them sounds
Every time a lay that pipe down
Give it to her how she want it when she want
That grown man
Yup girl that?s my style

I finally found the right girl
Think I might wife her
My don?t like her
But girl I?m the type of
Dude that?ll do anything for his lady
Can it trust you? Yeah, that?s my lady
No no no, I don?t wanna know it
She got him where she want him
And he?s too lost to know it, know it
It?s too late to tell him
He caught in that position where he won?t listen
Even if I yell it
Just tryna help before he let that river push him off into something deep
I wish he would think I wish he would think
Or listen to me
Now what am I gonna do what am I gonna say
Been in this position before
Put my man up on game said I was tryna hate now he ain?t my no more
I don?t want the same thing to go down between me and Bow

We getting this money man
There?s gotta be a way to do this cause my z walking around clueless
Do I? Come right out and talk about it?
Or do I just beat around the bush about it?
Or should I, let Lil Ronnie tell him for me?
No I feel obligated that?s my homie
What would you do if you was me man?
Tell him the truth or let it be man?
I?m stuck between a rock and hard place
But I got stop my boy from getting played
No no no, I don?t wanna know it
She got him where she want him
And he?s too lost to know it, know it

Even if I yell it
Just tryna help before he let that river push him off into something deep
