

I Do

[Lisa Loeb](#)

When I'm done with thinking then I'm done with you.

When I'm done with crying then I'm done with you.

When I feel so tired then I'm done with you.

Everybody feels this way sometimes everybody feels this way And I do.

You can't hear it but I do.

You can't hear it but I do.

You're trying to convince me that what I've done's not right. I get so frustrated I stay up every night.

You ask me for an answer and I'm so tired and I'm up in the air.

Everybody feels this way sometimes, everybody feels this way

And I do. You can't hear it, but I do.

You can't hear it, but I'm feeling this way just because you say

I will be ignored.

I will be denied. I could be erased.

I could be brushed aside

I will get scared, and I will get shoved down,

But I feel like I do because you push me around. I'm starting to ignore you, I've doubted you so long.

I'm tired of overthinking, I know you don't belong.

Now I'm asking questions - no one pushes me around.

Everybody feels this way sometimes, everybody feels this way - And I do.

You can't hear it, but I do.

You don't seem angry, but I do.

I do.
