

Lady in White

Rebelution

Try an test me now, watch out
Listen you ain't a thing to me
You ain't exactly yourself
Call here and get shut down
Listen I ain't a fool to you, to me, to anyone else
She says I sleep with me tonight
I won't say a thing, I can't even tell a lie
Lady in white resist me your right
I'm in love with you, your the spark in my life, yeah So treat me like your own kind
I've been trying to fight my mind against whats real
And I can see the road sign telling me to stop
I'm searching through the hills
Whats that to say I'm a real chump losing it
That's okay cause I know your wrong
Either way I will be ten times better than
Wave your hands, say good bye so long Watch who your talking to
Watch who your talking to
Watch who your talking to
Watch who your talking to Surprise, give me a kiss and hold me tight
Just like old times, just a couple lines
My, well you and I are so a like
Tingling in the body, sparkle in the eye
I may not be a saint but I'm sexy
I put you in a daze cause I'm pretty
And I should see the sun but you never let me
Line after line, sometimes to many
