

# Serious

## Avant

Are you serious?  
Talk to me what, what  
Are you serious?  
Talk to me what, what, what, what  
Are you serious?  
Talk to me what, what  
C'mon yeah, yeah, yeah I ain't have the free time  
I been out there hustlin', tryna get mine  
But when I come home  
I can't even get my, uh uh, on Askin' me where my pager's at  
'Cause when you paged I ain't call right back  
I didn't have my cell phone  
So tell me what's going on, baby, yeah? If you're serious 'bout our love  
Don't worry 'bout a thing  
They even playin' us  
Just tryna get in If you're serious 'bout our love  
Did you know they hatin' on me?  
Talkin' 'bout what they heard  
And what they seen What's this about my car?  
You said I picked up two girls from the bar  
But you know it ain't true  
'Cause I was here makin' love to you But baby, they come to you  
They talk about me and what I do  
I know what it is, they wanna be you  
And be the one I'm comin' home to, baby, yeah All day long  
You think I'm out doing wrong  
Let's be true  
I know they talkin' 'bout me  
They talkin' 'bout you too If you're serious 'bout our love  
Don't worry 'bout a thing  
They even playin' us  
Just tryna get in If you're serious 'bout our love  
Did you know they hate on me?  
Talkin' 'bout what they heard  
And what they seen You are all I want and all I need  
And you know I'll do anything  
That's why they hatin' on me  
I'm so tired of what they say  
They can go 'cause they don't know Uh, say what?

Uh uh, y'all  
All I get is what you get  
What you got on? Who you with?  
What you doing? Who you screwin'?  
Get off my ass  
I kick it grown women style  
You got the petty ways of a child  
Caught you checking my draws, you fowl  
Now everybody wanna be ghettotfab, you better ask  
Chris Tucker, Silkk the Shocker, Rass Kass  
In the ghetto Gotham City  
They saw me shakin' my ass  
Looking to face off with you true nigga style  
Or the future will be the past  
And it ain't gon' last, yeah yeah  
Serious 'bout our love  
Don't worry 'bout a thing  
They even playin' us  
Just tryna get in  
If you're serious 'bout our love  
Did you know they hatin' on me?  
Talkin' 'bout what they heard  
And what they seen  
If you're serious 'bout our love  
Don't worry 'bout a thing  
They even playin' us  
Just tryna get in  
If you're serious 'bout our love  
Did you know they hatin' on me?  
Talkin' 'bout what they heard  
And what they seen  
If you're serious 'bout our love  
Don't worry 'bout a thing  
They even playin' us  
Just tryna get in  
If you're serious 'bout our love  
Did you know they hatin' on me  
Talkin' 'bout what they heard  
And what they seen
