Somebody (Drum Machine Version)

Niki & the Dove

? in the air, everywhere I go
The birds in the trees running ...to you
It's even on the act and I just sing it on
Whoa if you wanna come, wanna go in the air
Baby, all the things that we can do
Now figure, all the things that we could ?
Baby, are you coming out tonight,
Or is it somebody else you're seeing
And if it's somebody you see,
You should ride and leave with meWhoa, that pressure on my name
I know you live next door ... on
I see it's something...sometime and always
? just a moment for joys
Get turn on with the stars above
? making it do, when the sky was young
Our love ? and it is so rightWhoa if you wanna come, wanna go in the air
Baby, all the things that we can do
Now figure, all the things that we could ?
Baby, are you coming out tonight,
Or is it somebody else you're seeing
And if it's somebody you see,
You should ride and leave with meAre you coming out tonight, are you coming out tonight?
Whoa if you wanna come, wanna go in the air
Baby, all the things that we can do
Now figure, all the things that we could ?
Baby, are you coming out tonight,
Or is it somebody else you're seeing
And if it's somebody you see,
You should ride and leave with me.
