Yanking Out My...

Nickelback

Feeling fine
Let's rip out yours instead of mine
And all you need
Are several ways to watch me bleed
Well, thanks for stopping this beating in my chest
It's easier now, and I'm happy like this
Just like this
Even though I ain't coming back now
I didn't mean to seem as though I was so ungrateful
For for all you've done here
For yanking out my
Honestly
You, you've friends for all your needs
And stay the course
No, the universe ain't yours
Well, thanks for stopping this beating in my chest
It's easier now, and I'm happy like this
Just like this
Even though I ain't coming back now
I didn't mean to seem as though I was so ungrateful
For, for all you've done here
Even though I ain't coming back now
I didn't mean to seem as though I was so ungrateful

For, for all you've done here
For yanking out my
If I could only see this
If I could have one good reason
All my feelings out of season
Am I to thank for yanking out my
Yanking out my
Feeling fine
Let's rip out yours instead of mine
And all you need
Are several ways to watch me bleed
Well, thanks for stopping this beating in my chest
It's easier now, and I'm happy like this
Just like this
Even though I ain't coming back now

I didn't mean to seem as though I was so ungrateful
For, for all you've done here
Even though I ain't coming back now
I didn't mean to seem as though I was so ungrateful
For, for all you've done here
For yanking out my
For yanking out my
