Surf's Up

Beach Boys

The diamond necklace played the pawn
Hand in hand some drummed along, oh
To a handsome man and batonA blind class aristocracy
Back through the opera glass you see
The pit and the pendulum drawnColumnated ruins dominoHung velvet overtaken me
Dim chandelier awaken me
To a song dissolved in the dawnThe music hall a costly bow
The music all is lost for now
To a muted trumpeter swanColumnated ruins domino
Canvass the town and brush the backdrop
Are you sleeping, brother John?Dove nested towers the hour was
Strike the street quicksilver moon
Carriage across the fog
Two-step to lamp lights cellar tune
The laughs come hard in Auld Lang SyneThe glass was raised, the fired grows
The fullness of the wine, the dim last toasting
While at port adieu or die
A choke of grief, heart hardened I
Beyond belief a broken man too tough to crySurf's up, aboard a tidal wave
Come about hard and join
The young and often spring you gave
I heard the word, wonderful thing
A children's song
