Be With You

The Leaves

Nothing else can make me feel this way
Like your presence in my life, everyday
How can I explain the way you make me feel
Cos Jesus your love for me is so unreal

I wanna be where you are
I wanna stand at your feet
Jesus to be where you are
It makes me wanna sing

Ill praise you everysingle day
I can't stop lovin you always
Jesus to be where you are, it makes me wana sing your praise

I wanna be with you
I wanna be with you
I wanna be with you every single day

I wanna be with you
I wanna be with you
I wanna be with you every single day
