Say Goodbye

Tommy Lee

I'm staring down this empty street
And it's cold but I am walking
To the place where all roads meet
And it's just the past and me
A tattoo and a scar and the man in the TV
Every time I walk away, I see a picture of a face
It's a photograph that makes me wonder why
And now I stand here on my own and I'm finally letting go
It's time to say goodbye
So, down this road I travel now
Pass broken buildings where I look for truth
Or were they true to me? No
Every step is stepped with doubt
But still I walk here trying to find some peace
Will I find peace?
Every time I walk away, I see a picture of a face
It's a photograph that makes me wonder why
And now I stand here on my own and I'm finally letting go
It's time to say goodbye
Nothing's gonna stand in my way
No, nothing, no nothing will stand in my way
Nothing's gonna stand in my way, yeah, hey
Every time I walk away, I see a picture of a face
It's a photograph that makes me wonder why
And now I stand here on my own and I'm finally letting go
It's time to say goodbye
Every time I walk away, I see a picture of a face
It's a photograph that makes me wonder why
And now I stand here on my own and I'm finally letting go
It's time to say goodbye, it's time to say goodbye
