

# Wave

## Atrox

Waves wander the sea  
Millenium mirrors reflect  
Disappearing without a traceWhen time was restrained to descent  
The ocean disappeared  
and vast deserts  
They were revealed  
We sank into the desert  
The Dreamking and I.....I Died.... I Died....And we became one  
I left my mortal coil  
there in the desert  
As we sank desertWe were reborn.....  
We wander the sea  
All but one  
All but one  
All but one
