If My Sister's in Trouble

Lady Soul

Do you ever feel it
When people get unkind
You can hear it in their voices
They get poison on their minds

Though ignorance
Should never be excused
I
To pick up their attitudes

I
But there
That will make me take a stand

If my sister
I will always help her out
If my sister
I will turn the world around
I will fight for her right
No matter where the trouble seems to lie
If my sister
If my sister
So am I

All across the land
Young people are walking blind
But if the heat comes down
I

For I am there for you
Like you are there for me
Nothing feels as good
As a sister

I
What my sister means to me

If my sister
I will always help her out
If my sister

I will turn the world around
I will fight for her rights
No matter where the problem seems to lie
If my sister
If my sister
So am I

I
Just reach out your hands
And I

I
And what my sister means to me

If my sister
I will always help her out
If my sister
I
I will fight for her rights
No matter where the problem seems to lie
If my sister

Sister
I
Sister
My sister, my sister
You
So am I, so am I

I will be there
If you
Reach out your hands
Call on me sister
I will be there
If you
Reach out your hands
Call on me sister
I will be there
If you
