Gods Of Love

Si Cranstoun

Oh girl you're like an angel
You've become my saving grace
And I hear those gods are singing
Every time I see your face
See you have got that something
That's behind my everyday
Like a miracle
Of a spiritual
When it takes my blues away

Oh those ancient gods of love
Got me raised to heights above
I'm in heaven
Lost in heaven
And those ancient gods of love
Got me crazy for your touch
All I'm feeling
Is I'm healing

But I once was so lonely
And a I'd lost my sense of faith
Then I heard their voices calling
From those old remastered tapes
Singing soufully in a harmony
My beliefs became restored
Now I'm back with strength
And I've tracked my sense
Oh a living for

Oh those ancient gods of love
Got me raised to heights above
I'm in heaven
Lost in heaven
And those ancient gods of love
Got me crazy for your touch
All I'm feeling
Is I'm healing

Oh cupid took an arrow
And aimed it at my heart

Then mr soul
Sang out
With a lovers work of art
On the day I saw you
Something stirred down inside
And I felt those helping hands
Coming down though the skies

Oh those ancient gods of love
Got me raised to heights above
I'm in heaven
Lost in heaven
And those ancient gods of love
Got me crazy for your touch
All I'm feeling
Is I'm healing

Oh those ancient gods of love
Got me raised to heights above
I'm in heaven
Lost in heaven
Gnd those ancient gods of love
Got me crazy for your touch
All I'm feeling
Is I'm healing

All I'm feeling
Is I'm healing

All I'm feeling
Is I'm healing

All I'm feeling
Is I'm healing
