

Whatever (I Had a Dream)

Butthole Surfers

Peace? I hate the word
As I hate Hell, all Montagues I had a dream last night
'Cause it looked just like a dream
I had a dream last night
But it looked unlike a dream Mercy, mercy, I made a call
Make me a suit so I can get it off
Heaven help me, my head is spinnin' round
Stop this airplane 'cause I got to get down I had a dream last night
And it fit me like a glove
I had a dream last night
And it fit me like a glove, right on Here's to the Montagues
John Wayne and Bette Davis
And Romeo gave it
For a chorus girl in Vegas, yeah Juliet is up in Heaven
A pocket full of pills
And Jesus drives to Mexico
To get a prescription filled I had a dream last night
And it fit me like a glove
It was a scream last night
It was getting kinda fun
Yeah, rock out, whatever I had a dream last night
Because she looked just like a dream I had a dream last night
Because she looked just like a dream
She was on fire last night
And I was breathing gasoline I had a dream last night
And it fit me like a glove
I had a scream last night
Lord above I didn't know where to shake my butt
Walked backwards, fucked like a fox
I was more fucked up than your sister's tackle box
It's three A.M. at five o'clock I wore it on my sleeve
And I got shot
Shot me down
Yeah, whatever, rock out That's it, that's my rhyme
Take it to the streets, bitch
