

# Notting Hill Gate

## Quintessence

Things look great in Notting Hill Gate  
They really move with the change in times  
But only you can know the reason why  
Why they hide behind their own third eye Things look cool in Notting school  
They never go about playing no rules  
But only you can know the reason why  
Why they fly in the sky so high Getting it straight in Notting Hill Gate  
We all sit around and meditate  
But only you can know the reason why  
Why we fly in the sky so high
