Brevity

I Killed the Prom Queen

Set yourself
Set yourself free
Set aside your differences and heal
Mend the holes in our heart
Teach us how to feel
We're so fucking hopelessAnd so they said over and over again
We all think we are invincible
When really your so scared of failing
You're obsessed with the youth
You held so dear
Brevity
What...
Just by your side each day or will you search for something more?
You will find me with my back against the wallLive your life, see the world
What are you so afraid of?And so they said over and over again
We all think we are invincible
When really your so scared of failing
You're obsessed with the youth
You held so dearBrevity
What...
Just by your side each day, or will you search for something more?
You will find me with my back against the wall
My eyes are so clear
I can finally see the world for what it really is
Rip the heart from the bone
You will live out your days on your knees
You'll never shed a tear
