

# Black Sheep

[Natalie Merchant](#)

"Black Sheep" Oh, it's no secret  
You know my every weakness  
Oh, haven't the strength now  
Not enough to waste tonight Oh, spark the fire  
Tinder blocks of desire  
Oh, Lord have mercy  
The first to feel tonight I can see that you can see my eyes  
Black sheep up on the fence  
You're a naughty little boy and you make me tense  
Prodigal son, won't you come on home?  
Door's open wide, take a look inside  
Take a look inside  
Take a look inside Oh, my hands are tied now  
So you gotta decide now  
See, I just can't take it  
Can't you see that I'm breaking tonight? I can see... Black sheep up on the fence  
You make me tense  
Prodigal son, won't you come on home?  
Door's open wide, take a look inside  
Take a look inside  
Take a look inside  
Baa baa black sheep up on the fence  
You're a naughty little boy and you make me tense  
Prodigal son, won't you come on home?  
For the door's open wide, take a look inside  
Take a look inside  
Oh, take a look inside  
Take a look inside  
Just take a look inside
