

When I First Saw You

Jamie Foxx

[Jamie]
When I first saw you,
I said "Oh my,
That's my dream, That's my dream." Ooh, I needed a dream
When it all seemed
To go bad;
Then I find you. And I have had the most
Beautiful dreams
Any man's ever had. [Beyoncé]

When I first saw you,
I said "Oh my,
That's my dream, That's my dream." I needed a dream
To make me strong.
You were the only
Reason I had to go on. [Jamie & Beyoncé]

You were my dream,
All the things
That I never knew. You were my dream,
Who could believe
They would ever come true? And who would believe?
The world would believe
In my dreams too. [Jamie]
Before you were here,
Life was only a game.
And day in,
And day out,
Worth the same.
Ooh [B] Now the dreams
[J] (The dreams)
[B] Coming true
[J] (Coming true)
[B] Like the stars
[J] (like the stars)
[B] See it shine. [J & B] A dream (A dream)
[B] That is yours
[J] (That is yours)
[B] That is mine
[J] (That is mine) [J] You were my dream
[B] (Now I've got dreams of my own)

[J]All the things I could never be
[B](Dreams you'd never known)[Jamie & BeyoncÃ©]
You wont take my dream from me[J]When I first saw you, Ooh
[B]I said "Oh my,
[J]I said "Oh my,[Jamie & BeyoncÃ©]
