

# Whenever You Love Somebody

[Matt Wertz](#)

[Verse 1] Shoot the stars and rope the moon

Run 'round the sun a time or two

Ain't no telling the things you'll do

Whenever you love somebody, yeah.

[Verse 2] You fly so high, swear you won't come down

And find your heart buried in the ground

Lose yourself in the thing you found

Whenever you love somebody, yeah.

[Chorus] You risk it all to feel that fire

This crazy falling takes you higher, higher

You act the fool, oh, ain't that the truth

Whenever you love somebody

Whenever you love somebody

Like I love you

[Verse 3] It'll wreck your world, it'll bring you peace

Make you bulletproof, bring you to your knees

But if you keep playing, it'll never leave

Whenever you love somebody, yeah.

[Chorus][Bridge] Oh, the touch of her hand, the taste of her kiss

Heart to heart, baby, skin to skin

Lead you on and more, bring you back again

[Chorus]
