

Hello Kitty Kat (Soundworks Demo)

Smashing Pumpkins

Say, "Hello" before you say, "Goodbye"
I should go, before you make me cry
She wants to bleed every drop inside of me
But I aim to please the little girl inside of me, too Yeah, yeah
You know I hate to say
Oh no, I always stay
I don't wanna be like the others please Who is sorry now?
Who is sorry now?
If I show you how
Will you let me down? Slit my wrists and die a whore
Love to love to love what you adore
I can give you anything, but please let me
Be your everything, please Yeah, yeah
You know I hate to say
Oh no, I always stay
I don't wanna be like the others please Who is sorry now?
If I show you how
Will you let me down?
Will you let me down? Who is sorry now?
Who is sorry now? My love is weakness
My love is, oh, so wrong
My love is sadness
My love is, oh, so strong My teeth are razor sharp
My love is fucking strong
I'll be with you
But not for long Yeah, yeah
You know I hate to say
Oh no, I always stay
I don't wanna be like the others please Who is sorry now?
Who is sorry now?
Who is sorry now?
If I show you how Will you let me down?
Will you let me down?
Please let me down
Please let me down
