Little Mix

All day I dream about sshh with you (you, ooh, ooh)
All day I dream about sshh with you (you, ooh, ooh)
They say that it's overrated, well they ain't doing it right
All day I dream about sshh with you (you, ooh, ooh)Since I met you I been thinking all day
I been googling ways to keep you entertained
It's been three weeks since we started to play
Now it's serious babe 'cause what you do is crazyI never had somebody who could do them things
Make me say ooh ooh ooh
So come on baby baby, come on pretty baby
You're gonna get it tonightAll day I dream about sshh with you (you, ooh, ooh)
All day I dream about sshh with you (you, ooh, ooh)
They say that it's overrated, well they ain't doing it right
All day I dream about sshh with you (you, ooh, ooh)Slaving in the kitchen, iced you a cake
Then I served you a plate, but that ain't what you ate, no
We been busy doing all Fifty Shades
While we listen to Drake, we on that hot love and emotionI never had somebody who could do them things
Make me say ooh ooh ooh
So come on baby baby, come on pretty baby
You're gonna get it tonightAll day I dream about sshh with you (you, ooh, ooh)
All day I dream about sshh with you (you, ooh, ooh)
They say that it's overrated, well they ain't doing it right
All day I dream about sshh with you (you, ooh, ooh)You got that goodie goodie and I'm addicted
I'm on that kissy kissy, bang bang delicious
All day I dream about it, baby so how's about it
You know I'm all about that
All day I dream about, wait, all day I dream about, wait
All day I dream about, sshh with youExcuse me, do me or lose me, get me to the bedroom, do your duty
Milkshake milkshake, bet you like some of that strawberry
Like a wave gonna come tsunami wanna take this ride better hurry
'Cause me one, you there's a million and they all wanna huh my BrazilianThey say that it's overrated
Well they ain't doing it right
