

Leaders (Featuring Stephen Marley)

Damian Marley

This one's for all the leaders
Leader
Lets all change the world
Change the world
This one's for all the leaders
Leader
Lets all change the world
Change the world Yeah!
Got out the six hundred
Blunted
Chicks hunt him
Neighborhood know he comin'
Jakes hate him
Snakes could not violate him
Pimps memorize his lines-verbatim
He reps N.Y. yo
Gives C-notes to winos
Not church
It's how he tithe though
He walks the tenement
Sleeps at his super fly condo
My kinda nigga
My icon, my idol
No certificate
For this misfit who handle business
The odds stacked against him
He fights back mackin' Benzes
Never puts cash or ass
Before friendship
He laughs last?
As some die young
He is still existing
Somehow he got around the pitfalls of the system
When he walks we watch
When he talks we listen
Leaders This one's for all the leaders
Leader
Lets all change the world
Change the world

This one's for all the leaders
 Leader
 Lets all change the world
 Change the world Who do I follow?
 Who do I copy?
 Look in to the mirror
 And it's you I see look at me
 Everything new
 Like it fresh from the factory
 Everything you do?
 It impact me
 Your lifestyle attract me
 Parents try distract me
 When I grow up
 I want to be like you exactly (exactly)
 And as soon as I get over this acne
 There's no way anybody coulda stop me Me gravitate toward the aura
 And all the mannerism
 The sending out of orders
 And man start moving busy
 The locking of the corners?
 The streets and all the buildings
 Me love you like a father
 Me ready and me willing
 Anything what you a talk
 Is law in my dominion
 And me have similar thoughts
 I share the same opinions
 Me have it say you smart
 With me best interest at heart
 I'm following your path
 Yow mine when you a walk This one's for all the leaders
 Leader
 Lets all change the world
 Change the world
 This one's for all the leaders
 Leader
 Lets all change the world
 Change the world They appeal to the conscious
 The Paramount
 The Cesar, the monsters
 The grandiose, the matters
 The hell on earth pompous
 Ellsworth Bumpy Johnson's
 The Harlemites the Garveyites

Black as the credit card we swipe
Poppin' Dom tonight
For all of mine
I can see myself back at the Autobahn
Malcolm on the podium
Shells drop to linoleum
Swipe those
Place 'em on display at the Smithsonian
Next to only gems
That were left behind
By holy men
Infectious
Charisma of those who gave us direction
The anti-sexes
Resistance against oppression
Progressive thinking
Ghetto speakers
Protesters against the colored
Only section to the Jena 6 and
The Frost Nixon
The contradiction
The cross the crucifixion
The loss we took for sinning
On Esau's back inscription
That it was written
That nothing is coincidence'n
They took our leaders and they lynched them This one's for all the leaders
Leader
Lets all change the world
Change the world
This one's for all the leaders
Leader
Lets all change the world
Change the world
Change the world, change the world
Change the world
Change the world, change the world
You change the world
