

# In This Skin

Jessica Simpson

They see me in a magazine  
I'm the one they want to be  
Still don't feel I'm good enough  
Still don't feel I'm thin enough  
I stand up and I push back down  
And every opinion now  
It makes me feel inhuman  
Giving in and giving up To be worthy  
To feel beautiful in this skin  
Be beautiful in this skin (Love the skin I'm in)  
Love me for me  
Have confidence in this skin  
Be confident in this skin (In this skin I'm in) So tell me what is wrong with me  
I'm the girl with everything  
So why am I not strong enough  
I want to be strong enough  
To tell you how I really feel  
I know that my talent is real  
So don't tell me, don't tell me  
I have to be 102  
I don't have nothing to prove  
So don't tell me, don't tell me I am worthy  
To feel beautiful in this skin  
Be beautiful in this skin (Love the skin I'm in)  
Love me for me  
Have confidence in this skin  
Be confident in this skin (In this skin I'm in) Be real, be real  
See the beauty inside this skin  
I don't have to hide this skin (Love the skin I'm in)  
I feel, I feel  
An awakening in this skin  
Stop forsaking me in this skin I am, I am  
(Beautiful in this skin  
'beautiful' lies within  
Beautiful in this skin I am) To be worthy  
Be beautiful  
Love me for me  
'cause I am beautiful To feel beautiful in this skin  
Be beautiful in this skin (Love the skin I'm in)

Love me for me  
Have confidence in this skin  
Be confident in this skin (In this skin I'm in) Be real, be real  
See the beauty inside this skin  
'cause I don't want to have to hide it  
I feel, I feel  
I'm beautiful in this skin  
Beautiful in this skin I'm beautiful  
And you're beautiful  
Beautiful in this skin
