

Gypsy Part of Town (IAMXL Remix)

Gogol Bordello

Well I've been reading some texts in my dreams
They went for pages
And I've been watching the wolves
They broke out of cages And how fallowing dirty old useless clown
Gadjo gets lost in a gypsy part of town... So be I gagged or bound, lobotomized, sedated
My foundations are too deep to penetrate it And let your girl scouts lip-synch about the freedom
Just the way you like them, but you'll see them
Soon enough they all turn around
Soon enough you'll see them in a gypsy part of town...
