

Rainbow vs. Stars

Evil's Toy

Do you remember our last trip to Mars?
When we just stared at a shimmering sky
And we got crushed by millions of
Sparkling stars
It was no fake, no illusion
No hidden trap for me, not even a lie

When we saw sparkling colours far away
I gently felt the passion on your skin
Warm like the wind on a summer's day
Cold like the snow on a winter's night
You are my eternal secret sin

Do you remember our last trip to Mars?
When we discovered this obsession high above
Source of unknown pleasures-like teargas
Open eyes learned everlasting love
Concept of beauty far beyond

You can not compare a rainbow to a star
This is what I remember
That's the story so far
