

Another Record

Genesis

It's funny you know
'Cos there's an old rock 'n' roller
He's got nowhere to go
Did you ever think of taking him in?
Somebody help him, somebody pleasePut another record on
'Cos he likes that songIt's funny you know
He never done nothing, done nobody wrong
Did he think about changing his name?
But I'm gonna tell him it's the same old gamePut another record on
Round and round and round and around, oh
Aww see him smileWell lately I've seen him
Walking down the street, kinda moving his feet
Everyone I know looks the other way
Somebody help him, somebody sayPut another record on
Round and round and round and around, oh
Aww, see him smileIt's funny you know
'Cos there's an old rock 'n' roller
He's got nowhere to go
Did you ever think of taking him in?
Somebody help him, somebody pleaseJust put another record on
Put another record on
Put another record on
('Cos you know you like it)Put another record on
('Cos you know you like it)
Put another record on
('Cos you know you like it)Put another record on
('Cos you know you like it)
Put another record on
('Cos you know you like it)
Put another record on
