

I'm Not Your Toy

[La Roux](#)

Love, love is like a stubborn youth
That you'd rather just annoy
I'm walking on a broken roof
While I'm looking at the sky It's all false love and affection
You don't like me you just want the attention [repeat 2x]
I'm not your toy
This isn't another girl meets boy [repeat 2x] Love, love I'm in a smoky light
I can never find the truth
Boy, your touches leave me mystified
I wish I could believe in you Yes, it's all false love and affection
You don't like me you just want the attention [repeat 2x]
I'm not your toy
This isn't another girl meets boy [repeat 2x]
I'm not your toy
This isn't another girl meets boy [repeat 2x] It's all false love and affection
You don't like me you just want the attention [repeat 2x] [Instrumental Break] I'm not your toy
This isn't another girl meets boy [repeat 2x]
I'm not your toy
This isn't another girl meets boy [repeat 2x]
