Walkin' Away

Courdek

Walkin' away, I saw a side of you
That I knew was there all along
And that someday, I'd say goodbye to you
'Cause one right can still make two wrongNot for each other, not from the start
The difference was day and night
My finest hour spent here with you in the dark
Was just before I saw the lightIt's the people who want love and the people who need love
Who find love on the way
I'll be lookin' for someone 'til I find the right one
Then I won't be walkin awayNow that I know what I'm tryin' to find
There's only one place it could be
So I'm lookin' ahead, I've stopped lookin' behind
For someone who's lookin' for meIt's the people who want love and the people who need love
Who find love on the way
I'll be lookin' for someone 'til I find the right one
Then I won't be walkin away
I'll be lookin' for someone 'til I find the right one
Then I won't be walkin away
