

Darling

Pedestrians

 Somethings i could die for.
 Somethings to others oh
 I cry for myself whilst i drown
 And the others wont be ticking by the things
 that go so about the cry about themselves
 Whilst i drown
 Just let me hold you closely
 To remind me of of the cuts of
 The world we left to bleed out of this one
 Let me tell you something which you will have to
 Kepit in mind
 Oh let me tell you something which youll have to
 Bear inside
 Oh let me
 Oh let me tell you something to consider
 Darling be something to remember
 Darling be perfect to fight about
 You give me on you give me tales
 You give me those looks you
