

# Earth To Bella, Pt. 1

## Incubus

Earth to Bella,  
You think you've got it all figured in,  
Earth to Bella,  
Everything you know is wrong. Well, almost  
Earth to Bella,  
I've seen when you are not listening  
I bear the burden  
Of being the voice that lets you know  
We all grow old,  
And before you swim you gotta be ok to sink.  
Earth to Bella,  
The world can be an unfriendly place.  
SO hold your head up  
And do your best to save some face.  
It's not so hard...  
Just undo yourself and see a  
Second sun ascend.  
I'm ok to sink  
ok to sink  
Im ok to sink  
ok to sink.
