Just A Little Piece Of You

Syreeta

(Stevie Woner/Syreeta Wright)They want to see you, feel you
They all want to do for you
But all they have to offer
Are those two jealous eyes
They never see beyond things that shineThey want to hold you, touch you
They all want to be near you
Surround you with themselves some more
Of love you see
But I'm satisfied with just a little piece of you
Just a little piece of you
They want to move me, exclude me
They all want to get through me
They can't understand why
My love keeps growing strong
But all I really want is just a little piece of you
Just a little piece of you
Just a little piece of youThey want to change you, to hold you
They even want to control you
Convince you that their love
Will give you all that you need
Show you the side of them that they want you to see
I need to be there sometimes
Give your heart a little sunshine
All I want to do is to see our spirit run free
l'm satisfied with just a little piece of you
Just a little piece of you baby
I just want a little piece
Just a little piece of you
Oh yeah baby just a little piece of you...
I only want a little piece of you
That is all you need to give me
